Every Workshop class, in order to be successful, needs the active cooperation of every student. The Workshop expects that every student will follow class rules established by the teacher. Disruptive behaviors prevent other students from learning and enjoying their time at the Workshop; they may also present a health and safety risk.

A student, whose behavior interferes with his/her learning, or that of other students, will be referred to the counselor. The counselor will help the child develop a behavior plan in order to return to class. If the counselor and/or director determines that the child's behavior is a health or safety risk, the child will not be returned to the class for the remainder of the day and parents will be contacted. Serious health and safety issues or repetitive disruptive behavior will result in the child being removed from the program. Parents will be contacted by phone to come and pick up their child.

Please discuss behavior expectations with your child prior to the start of the Workshop program. The Workshop wants every child to have a positive and productive experience at our programs.
